

# The Big Bang

UK Young Scientists & Engineers

## Competition

**Sankha Kahagala-Gamage**  
Joint winner of the UK Young  
Engineer of the Year 2017 title

"Winning was one of the greatest achievements of our lives. It just goes to show if you truly believe in your invention and you put enough work in, you will succeed."

## Enter your science and engineering projects into the UK's top STEM competition for young people!

### Why enter The Big Bang Competition?

- Showcase your work to thousands of people in the finals at The Big Bang Fair 2019
- Compete for over £20,000 worth of amazing prizes, including the chance to be crowned UK Young Engineer of the Year or GSK UK Young Scientist of the Year
- Present your work to employers, universities and journalists
- Get tips and feedback from leading industry and academic experts
- Meet other young scientists and engineers from across the UK
- Boost profile of achievement on your UCAS form or college application

### All projects welcome!

Whether it's a brand new project, or has been completed as part of another competition, all **science, technology, engineering** and **maths** projects are welcome. The Competition open to all UK residents in full-time education or training (year groups 7-13 and Scottish/NI equivalent).

Find out more about The Big Bang Competition and enter online:  
[www.thebigbangfair.co.uk/competition](http://www.thebigbangfair.co.uk/competition)

Get your project in by **Sunday 29 July** for early-bird judging and find out if you are a finalist in early autumn.

Previous project titles have included 'Do birds have a favourite colour?', 'Cerebral Palsy mobility device' and 'Vitamins and minerals from recycled food'.

The final deadline is **Friday 2 November 2018**.

**Floriane Fidegnon**  
Competitor, 2013

"Meeting like-minded young people was really rewarding, and it's encouraging to know that there was and still is a support network of people with similar interests as me. Even to this day, I still speak to these people and I'm sure in the future they will continue to be there."
